OXC 5841-63

Copy 7 of 7

6 November 1963

MEMORANDUM FOR: Chief, Programs Staff, OSA

SUBJECT : Additional Tasks for [redacted]

1. It is requested that the following tasks be added to the contract with [redacted] relative to work with the [redacted] equipment. Proposals are included from SRL which outline the substance of the tasks.

a. Technical Proposal 441, Extension for Propagation Reciprocity Testing on Project [redacted] for .....\$13,548

b. Technical Proposal T-441-36 for [redacted] Testing for .....\$18,768

2. The [redacted] project is [redacted] in support of the OXCART program. The above proposals were late in being brought to my attention, so that, in fact, the contractor has already accomplished task a., and now is in the process of accomplishing task b. The prices quoted on both tasks are reasonable and [redacted] has done a very good job on projects for us that have been accomplished thus far. Funds are available in the EAD Countermessures Budget under Item I., Parameter Measurement Program.

SIGNED
